Hamlin Schools Are Striving to Serve Community and Nation

The Hamlin Schools are striving to serve this community and our nation. Here are a few illustrations of our efforts during the past year;

1. The schools have handled registration and issuance of food ration books, serving over 3,000 people.

2. Gasoline rationing and registration were handled by the school.

3. Over \$6,000 worth of bonds and stamps were purchased by the students and teachers in one month during the recent Victory Loan drive.

4. Pre-induction courses are being offered our students facing induction. Over 90 per cent of our boys are in military drill four days a week, and twenty-five senior boys are enrolled in Morse Code training. These courses will directly benefit the boys called into the armed services.

5. Practical home making and agriculture are being taught to one hundred fifty of our girls and boys. They are not only studying theory but are actually practicing the production, conservation, and proper use of foods and clothing.

6. Two adult classes have been offered by the Vocational Agriculture on food production. Forty-five adults were contacted in these two classes.

Hamlin's largest scrap drive was sponsored by the school and put on by the students. Over \$300 in scrap iron was gathered and the proceeds given to the American Red Cross. Over 80 per cent of the students then made personal contributions and joined the Junior Red Cross.

8. English, history and Spanish are being streamlined to meet the war needs. Mathematics, science, bookkeeping, shorthand, speech and typing are taught as preparatory courses to meet the war conditions.

9. The regular academic goals of reading, writing, and arithmetic are not lost, and we are attempting to stress ideals as never before.

These are not all, but just a sample of the services your school is rendering. Now, does the community appreciate this service or do they wish to curtail our activity?

The school mailed out 1,000 rendition sheets, requesting property holders to sign and return these sheets. About 300 sheets were returned. Many of these returned carried drastic reduced renditions as compared with one year ago. This means, we presume, that they wish the school to render less service to the war efforts, render less service to the boys and girls preparing to enter the armed forces, render less service to the community.

One year ago, we refinanced our bonded indebtedness at a lower rate of interest. Where we had been paying 5 per cent and 6 per cent, we now have the entire debt of \$135,000.00 at 4 per cent. However, reduced rendition will not allow us to meet the 4 per cent demands and the board will have no option but to raise the rate.

You may feel that you have not seriously penalized the school by reducing your valuations \$100, \$200, or even \$500; but if the thousand tax payers in the district reduced their renditions \$100 each, it will mean \$1.00 to each of these tax payers, but it will cost the school \$1,000.

We rest these facts on your judgment. If the services of this school to the community, the nation, the war efforts, the individual students preparing to live, to serve, and possibly to fight are not worth your support, it is time to close the doors of our local institution on a tax payers' strike. We cannot operate these schools without your support.

Signed:

L. H. McBride, Chairman

Roy Gilbreath, Secretary

Jerry Waggoner is visiting Bill Willis in Mangum, Oklahoma, this week and will attend the graduating exercises of the Mangum High school where Bill is graduating with honors and is serving his fourth year as class president.

Don't worry, just buy some lovely stationery for that high school graduate....the Herald has quite a lot for sale, either blank or printed or monogrammed for you. See it and like it.

Notice the date after your name.

G. R. Bates, 83, Died Monday, May 10th

One of the familiar faces on Hamlin's streets the past thirty years, was that of G. R. Bates, who passed away at the Model Hotel, Monday morning, May 10, at 9:50 o'clock. He was 83 years, 4 months and 4 days of age.

Mr. Bates was a native of Cobb County, Georgia, born on January 6, 1860. He came to Texas when a young man and after living in various places, one of which was Thurbur, he and his family moved to Hamlin in 1912 and made this place their home. Mr. Bates had engaged in cafe business and handled several real estate holdings during this time. He was a man who kept an interest in the political affairs of the state, and nation.

Survivors in his own family are 7 daughters, namely Mrs. E. R. Burns of the Model Hotel, Hamlin; Mrs. J. R. Bull and Mrs. S. R. Campbell of Pecos; Mrs. W. W. Courtney of Holleydale, California; Mrs. B. W. Weatherby of Kermit; Mrs. E. M. Little, Hamlin and Mrs. Vivian Storey of Abilene. The sons are W. L. Bates of Stockton, California; and Johnny Bates of Holleydale, California.

None of the children from California were able to come.

There are 7 grandchildren and 9 great grandchildren.

Funeral services were held at the Model Hotel at 4:30 P. M., Tuesday, with Rev. Dan D. Jones, pastor of the Nazarene church in charge. Interment was in Hamlin East Cemetery, by the Barrow Company.

U. S. Marine Corps Seeks 50 Youngsters

An opening for fifty 17 year old boys for enlistment in the U. S. Marine Corps Reserve has just been announced by the Marine Corps Office, Abilene, Texas.

A Lieutenant Commander and party will be in Abilene, Texas, Monday, May 24, 1943, to examine and swear in the youths. If a boy is physically fit, the only papers necessary are his parent's consent and his birth certificate. He will then be ordered to return to his home and await his call into the service, which in all probability will come after his 18th birthday.

Boys who are interested may obtain further information from Recruiters in the U. S. Marine Office, Second Floor Post Office Bldg., Abilene, Texas. (Abilene Telephone Number 8545).

Nice Little Rain—And Much Cooler

Since last week when things looked like "burnt up" it has changed to fall weather and almost too cool for comfort. This is the result of a nice slow rain amounting to about three-fourths of an inch.

The slow rain, and the cloudy and cool weather have saved the wheat crop, making the small acreage possible to yield fair.

Planting has been resumed and with the earlier row crops already up and quite a bit of the cotton crop things look almost normal for mid May in this part of West Texas. Stockmen feel relieved now that enough rain has fallen to keep grass growing and grass means fat cattle through the summer and into the fall.

But we need three times as much rain as was received if gardens and field crops are to keep growing as everybody hopes.

Neinda Cemetery

I am asking all who have not donated to please help out as there is lots of hard work and expense to take care of the cemetery. However, we worked all the graves, but we did not have enough donated to take care of all we did, but I paid it off. Thanks for any donation you may make.

C. C. RENFRO

The Herald has plenty of papers of all kinds for every need. Have it printed at The Herald.

Program for Tuesday was a report on the War Conference Convention by President-elect Haskell Carter. Delegates to the Wichita Falls meeting were Lions Carter, Theo Johnson, Henry Albritton and Harry Dodson.

Lion Carter gave an unusually interesting and complete report. He touched briefly on all numbers on the program and expanded on the outstanding events at the convention.

Probably the most outstanding feature at the meeting of District Lions was an address given by 3rd vice-president of Lions International, Dr. Ramiro Collazo, member of the Lions club at Havana, Cuba. Lion Collazo's subject was "What Lions Are Doing to Help The War Effort."

The club at Havana, composed of 865 members, the largest club in the Lions organization, broadcasts its weekly program over an 18-station inter-island hook-up and every care is taken in preparing programs that will stimulate interest in efforts to help the war.

Under sponsorship of the Havana club and other Lions clubs in the Caribbean area, scrap iron and rubber have been collected and it now awaits transportation to the United States. Recently a Lion member in Honduras flew his private plane to Dallas and delivered 4,000 pounds of rubber. New clubs are being organized in Central and South America, and everywhere Lions spread international good will.

It Is Loyalty of The American People

I am writing to tell you about what I believe is a magnificent tribute to the patriotism of the American people.

As you know, there has been considerable speculation and talk concerning the effect that increased taxes might have on the sale and redemption of United States Savings Bonds.

You will be delighted to know that during March, when the first Tax installment fell due, bond sales were 6.4 per cent higher than in February, and more than 65 per cent ahead of March, 1942.

The story on redemptions is equally encouraging.

From May 1, 1941, when U. S. Savings Bonds (Series E, F and G) were first offered for sale, through March 31, 1943, redemptions have been less than 3 1-2 per cent of total sales. And redemptions during March this year were only .87 of one per cent of the total amount outstanding. That's a record that all Americans can well be proud of.

What it shows is that we as a nation fully realize the privilege that is ours to do our part in helping to finance the tremendous costs of total war. It shows that as a people we understand the necessity not only for buying War Bonds but also for keeping them.

Many thanks for all you have done, and for your continuing efforts to make the War Savings Program successful.

Sincerely,
Eugene W. Sloan,
Executive Director
War Savings Staff

NOTICE TO CREDITORS OF THE ESTATE OF LILLIAN BLANCHE MCGUIRE DECEASED

Notice is hereby given that original letters of Administration upon the estate of Lillian Blanche McGuire, deceased, were granted to me, the undersigned, on the 3rd day of May, 1943, by the County Court of Jones County. All persons having claims against said estate are hereby required to present same to me within the time prescribed by law. My residence and Post Office address are Box 222, Hamlin, County of Jones, State of Texas.

TATE MAY

Administrator of the Estate of Lillian Blanche McGuire, deceased (28-4t)

Mrs. Tom Tucker of Waxahachie, returned to her home Tuesday after a visit here with her brother, O. R. Shelton and family.

Honor Students Will Present Program For The Commencement

The honor students of this year's graduating class are: validictorian, Ellis Benham, with an average of 95.7; Salutatorian, Phala Davis, with an average of 95.1 for the four years' work.

The seven high seniors in order are Ellis Benham, Phala Davis, Charlotte Lewis, Koleta Clements, Paul Fowler, Margaret Sellers, and L. B. Petty. These seven honor students will present the commencement program.

Ellis is the son of Mr. and Mrs. Clyde Benham, and has received all of his schooling in the Hamlin Public Schools.

Phala is the daughter of Mr. and Mrs. London Davis and came to the Hamlin schools from Sulphur Springs where she did her first 8 years work.

Charlotte Lewis, daughter of Mr. and Mrs. John O. Lewis of Plasterco, has an exceptional record for the two years that she has been in the Hamlin High school. She came here from Cement, Oklahoma, at the beginning of her junior year and has an average of 95.8 for the last two years.

Lillion LaRue Milliorn

Little Lillion LaRue Milliorn, daughter of Mr. and Mrs. I. A. Milliorn, who had been in a serious condition for some weeks, died at 5:30 A. M., Monday, May 10. Age 11 years and 26 days.

This little girl had been taken to the hospital at Stamford, and it was found that a combination of troubles, including heart ailment, was such that it was only a matter of days till death would come. She was a favorite in her classes at school and was grateful for the many remembrances her little friends made.

The funeral was held at the First Baptist church, Tuesday afternoon, at 2:30 o'clock, conducted by the pastor of the Four-Square church, Rev. Jack Watkins and Rev. Dewey N. Helms of the Assembly of God church.

Survivors are the parents, and three sisters and four brothers, namely, Mrs. S. T. Johnson, Mrs. Loris Hill and Dorothy Helen Milliorn, all of Houston, and Bill Milliorn of Hamlin, and Pascal of Stamford, and two sailor brothers, Alfred and Monroe.

All of the sisters and brothers, including the two sailors were able to come for the funeral.

Other relatives coming for the funeral were her grandmother, Mrs. M. F. Cox of Alba, Texas; her aunts, Mrs. Tom Davis of Paris, Mrs. Ira Robertson and husband of Breckenridge, and Mrs. Georgia Smith, a cousin from Lubbock. Another aunt, Mrs. Charlie Sellers of Hamlin had been with Lillion during her illness.

The body was placed to rest in Hamlin East Cemetery, under the direction of the Barrow Company.

ORDINATION SERVICE AT THE FLAT TOP CHURCH

There are to be three deacons ordained at the Flat Top Baptist church Sunday, May 16, at 3:00 P. M. Those selected by the church for ordination are L. L. Holmes, Homer Neal, and Dee Rankin.

Rev. H. E. East of Hamlin, Rev. Truett Stovall of Tuxedo and District Missionary Rev. J. Henry Littleton will assist in the ordination services. All deacons in surrounding communities are invited to attend.

J. D. Holt, Pastor

Card of Thanks

We find it impossible to express to the people of Hamlin and elsewhere, how grateful and appreciative we are for the remembrances, kindness and sympathy shown our dear one during her illness and to us when the hour of death came. For every act, and every word and every token given, we feel humbly thankful, and above all for your loving sympathy.

Sincerely,
G. R. Page
Mr. and Mrs. Paul Bryan

M. G. Scott of Abilene, was over Tuesday to visit his daughter, Mrs. E. F. Welch and husband.

MOTHER'S DAY ITEMS

Will Garrett presented his Mother, Mrs. W. H. Garrett, a 5-star Service Flag as a Mother's Day gift. Mrs. Garrett is 83 years of age and she is proud of her 5 grandsons in the armed forces. Not many grandmothers have that many "grand boys" in uniform.

Mrs. Lowell Ballew and daughter, Jo Nita of Bastrop, came up on Wednesday of last week to spend a few days visiting their parents, Mr. and Mrs. Will R. Willkerson and Mr. and Mrs. J. S. Ballew.

Lieutenant J. C. Turner Jr., of Ft. Sill, Okla., came down for the Sunday with his parents, Mr. and Mrs. John C. Turner. Lt. Turner was accompanied by a girl friend, Miss Margaret Williams of Walters, Okla., who also is connected with the army service at Ft. Sill.

Mr. and Mrs. Harry Pitzer of Chickasha, Okla., came down Saturday night to spend the Sunday with their parents, Mr. and Mrs. H. O. Cassle. A big surprise was here for them. Their brother, Ensign H. O. Cassle, Jr., had come in from Terminal Island, California to be at home a few days before reporting for his new schooling at the University of Arizona.

Mr. and Mrs. Jack Wilson and little son Randy of Abilene were here Sunday with their mother, Mrs. M. Y. Wilson. Also Stanley Wilson, of the North Texas Teachers College and his girl friend, Miss Claudie Park of Kaufman, came for a week end visit.

Mr. and Mrs. Richard Hinkle and son, Harry Bowen, came over from Midland late Saturday night for Mother's Day with their parents, Mr. and Mrs. Bowen Pope. While here they went to Dallas on business and to Fort Worth to visit their brother, Lieutenant Frank Hinkle, pilot of the big four-motored bombers at Tarrant Army Air Field. Mr. and Mrs. Pope accompanied them on the Dallas-Ft. Worth trip, returning Monday night.

Pfc. H. V. Brown of Camp Howze came up on a week end pass to be with his wife and mother and father, Mr. and Mrs. Horace Brown Sunday. He was accompanied by a Sgt. friend, by the name of Miller, of the same camp, Virginia man.

The Mother's Day just past was unusual in many ways. First it found several million boys from home and many of them either sent messages, letters or flowers on the Day, also for weeks to come, Mother's Day letters will continue to be received. One particular letter the Herald was shown was from Pfc. J. R. Wright to his mother, Mrs. Ruby Bateman. Wright is near by in San Angelo Air Field but could not come—so he, like thousands of others, opened his heart to Mother—typical American boy, the kind who will wade through all dangers for Country and Mother.

Dr. and Mrs. Q. D. Gould of Stamford came over Sunday to be with their son and family, Dr. Q. Don Gould Jr.

A Mother's Day dinner was given for Mrs. Hattie Taylor at her daughter's home, Mrs. Leo Ryan, in South Hamlin Sunday.

There were thirty-eight present, including Mrs. Taylor's daughters and family, Mr. and Mrs. J. C. Collins of Breckenridge; her brother, Mr. S. Camfield of Del Rio, Texas; a sister, Mrs. W. A. Harris of Eldorado, Arkansas; her sons and families, Tom Smith of Stamford, Mr. Jimmie Taylor of Abilene; her grand-daughter and family, Mr. and Mrs. Bill Allen of Abilene; a nephew, Mr. William Camfield, his wife and family of San Angelo; two nieces, Miss Juanita Camfield of San Angelo, and Mrs. Clarence Johnson, her husband and family of Royston. Also Mr. and Mrs. J. B. Bowman and family of Hamlin; Mrs. Larence Smith of Hamlin and Corporal Eddie Swartz of Camp Berkeley.

Mr. and Mrs. Ed Bailey had almost a family reunion at the Morgan Hotel Sunday. Those present with their parents, were Mrs. H. C. Porterfield and children, Barbara Ann and Don and Miss Dorothy Jane

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—This week the Jones County Commissioners' Court sent out a set of long resolutions expressing their sentiments about how well and how important certain groups, certain people are serving without pay, without distinguishing uniform or insignia, ALL as a part of the machinery of carrying on the war. Especially singled out by the Court and recognized are the Jones County Draft Board and the Jones County War Price Rationing Board. This expression is well and timely. Every citizen who stops and thinks a minute will agree that the Boards deserve the sympathy and approval of every patriotic citizen. To conserve space, and cost the Herald passes on the sentiments of the Court instead of publishing the entire set of resolutions.

America, as far as WE know is a "back-slapping" nation. We get that way while around our mother's feet, it continues on while in school while in athletic contests....it feels good to the little boy to have mother rub a bump, to hear her cooing words. If a fellow cracks out a home-run he feels he should have a hand, if he knocks out a success in business he still likes to feel the "back-rub" of appreciation. That's America. The words "Thank you" often are more valuable than dollars. Even newspaper publishers get a kick out of somebody's approval. Especially in this day of WAR and trouble, let's be more free with approval than condemnation.

—Now there's our Fighting Fellows over in North Africa who have knocked the fool out of a batch of Germans and Italians, who when they get time to stop counting prisoners will think about the approval the folks back home will shout for them. They deserve more than we can express, and it should be something besides voice yelling and hand clapping. That's good but it does not buy bread, bacon and baby shoes.

—Speaking of "back-slapping" or better just say plain old horse sense gratitude, let's remember our Highway District Engineer, Shelby Treadaway, of Abilene. Not many Hamlin people realize what this fine, highway official has done and will do for this part of his district. It won't hurt him either to pass on some of your appreciation.

Navy Recruiting In Hamlin On Fridays

A genial looking Navy man was in Hamlin last week and visited the Herald, to inform us that he would be in Hamlin, at the Post Office each Friday from 11:30 A. M. till noon, for the purpose of conferring with men wishing service in the Navy, ages from 17 to 50. all volunteering, and not subject to the draft.

Also this man will be looking for women, volunteers as WAVES and SPARS, and their ages must be 23 to 36. Are you interested? If so talk it over with the Navy, each Friday at the Hamlin Post Office.

Card of Thanks

We wish to express our thanks and appreciation for all the kindness and consideration shown our little daughter and sister during her illness, and for all your sympathy when she was taken by death. Your floral offerings, tokens of sympathy and love were deeply appreciated.

Three Cheers!

Africa Is Safe

Why not throw up a great cheer because our forces have done the "Cutting" as we predicted months ago. Old Running Rommel chased out and his crack army with all their vaunted power has crumpled up and is now cut to pieces.

Why not be elated over the great Tunisian victory? It is just the beginning of what will become common as the months of 1943 pass into history. It gives all of us a good feeling of assurance that never will the Germans conquer and hold any part of Africa. This was not the way many began to think when old Rommel was at the door of Egypt with the English backing up the Nile.

Now we may turn to another map, pick up the names of every little river, town, mountain, gulf and bay, like we have all around the world, so far in this struggle. We'll learn just how big and how high are the islands of the Mediterranean which make stepping ways into Europe. We shall see the seas, the oceans made free of the enemy sub-

marines, and the unconquerable battle ships creep in closer and closer to the big cities and blow them into an unconditional surrender. No victory can mean as much as that one in Tunisia where we had more than what was needed and where we arrived before it was too late. It does one's blood stream good to be optimistic. That's the way to feel especially when one knows that big things are being built.

Honestly we do not believe any one man, of any station or standing in all the United Nations or the world, can really understand what a fighting machine has been built up during the past three years. That machine is moving NOW and events will happen faster than some can expect. Germany will crack in her home land just like she did in Tunisia (our opinion). When the British quit running backwards towards Egypt, we predicted that sooner or later, old Rommel would be cut to pieces. He was. Cannons, big shot and shells can blow up anything man can make, and the British-Americans had the cannon and used it. They won by big cannon on the land and in the air. That's the stuff that will blow 'em down when

the machine gets its tractor gears hooked onto the mainland of Europe. Let's keep the little Yellow devils in mind but at present, let's remember a good start was made this week to kick Italy and maybe two or three others and leave Hitler wondering what struck "Mein Kampf". And remember, Tojo, we've got your number too. Ten thousand mothers are praying to the true God that our bombs will drop square dab on top of you and your Emperor, ere long. We are coming, sir.

Yes sir, it seems about 200,000 German-Italian soldiers have been either killed, wounded or captured in Tunisia lately. It seems that the boastful bragging Rommelites have left enough scrap iron in Africa till the American kids will not have to dig around for it again. It is a scrapped army too, we've captured, that will soon be working in the dirt of this nation, like they have been making other people labor in the mines and potato patches of Germany. Bring 'em on, make 'em help earn their own living. They will be in more safety and comfort in America than they would be anywhere in Europe the next few months. Our flyers have found the soft spot and will let go all the stuff they can fly over. And again we predict Germany can not stand what she will get any longer than about Christmas, maybe she will squeal sooner. The farther we go the harder the hitting power, and the faster we'll go. Germany "haint felt nothin' yet" and it will take more than brag and potatoes to hold out on by next winter. That's the confidence we have in the machine we've built up and are helping to build up. On top of our metal machines are about 6 million prime young men who are "chawing the bits" to get on it and see how it works. That's the way we feel about that victory over in North Africa. From here out our boys will travel so fast the home mails can't keep up with them. Why not be optimistic?

The Herald is glad to report that George Lenard, a pioneer farmer West of Histon, is improving after being very ill the past month. Geo. is not as young as he was about so many years ago, and he has retained all the old time ways of doing things. . . . no auto. . . . no gasoline power. . . . he uses horse power and his two feet. . . . makes money and buys war bonds. After all, a good old dependable citizen and he does not like doctors.

Mrs. Martin McCain of Houston is in Hamlin to visit her mother, Mrs. D. O. Sauls, and to look after their property in this community. Recently Mr. McCain retired from the position of State Bank examiner and became vice-president of a good bank in Houston.

Pvt. Thomas R. Hill, son of Mr. and Mrs. L. A. Hill, came in from Lake Quinalt, Washington, Tuesday on a 15 days furlough. This old Histon cowboy is in the Mechanized Cavalry, meaning that he is not using a mule or horse. Hill says he gets his Herald promptly every Friday or Saturday, and his Dad says, "Just about as soon as we do, except it is a week late."

It is about time to see some more about WAAC's, so here's an item that tells that Miss Millie F. Kelley, Rt. 3, Hamlin, has become a WAAC and will be sent to Ft. Oglethorpe, Ga., for basic training. Mrs. Lola L. Brown has been sent from Ft. Des Moines to Valparaiso, Florida. She will be remembered as the wife of the late Eddie Brown. Third Officer Carolyn Frances Greenway of Hamlin has been given duties as a part of the personnel force at the Fourth WAAC Training Center at Ft. Devan, Mass. She is a Basic Supervisor. This young lady has two brothers and one brother-in-law in the service, beside a number of cousins. Howard R. Greenway is in the Navy and Guy W. Greenway is in the air corps. Lt. Dalbert W. Barron, her brother-in-law, is also in the Air Corps.

Paul Steed came up from Hammond, La., last week to answer the Jones County draft board on Monday of this week. Paul was injured about 6 months ago and so when he went through the examination at Abilene they placed him in limited service, which means a new classification later. He will resume his job with an oil exploration company next week.

Somewhere down in the Southwest Pacific is an old Hamlin boy by the name of Sgt. George Dean. He does not forget home folks and people. For example he writes Mr. and Mrs. D. W. Carlton, his neighbors, expressing his interest in her recovery from an operation and asks about Mr. Carlton's tobacco chewing. . . . "Are they rationing your tobacco? Bet you would miss the anvil half of the time if you didn't have a 'chaw' on you." Well, it is fine for the boys to keep thinking of home.

James Tate May was called from the status of college reserve of the army to active service, Monday of this week. His parents, Mr. and Mrs. Tate May, took him to Mineral Wells Sunday afternoon, and there he met a large number of other Baylor University boys who, like he, had been in the reserve since last fall. This week will be taken up in various examinations, tests, and primary military instructions.

Charles Brown, son of Mr. and Mrs. Horace Brown, is another young college boy who went into the active army service this week. He is from the North Texas State Teachers College, and was inducted Saturday at Mineral Wells.

Jay Fitzgerald (Pinky) one of the Hamlin soldiers helping to make ready planes in the Lubbock Air Field, was down Sunday for the day with his wife and other relatives.

You'll have touring fever. Will you have a car?

Even the wizard auto industry can't switch from arms to autos overnight. After the Axis cracks, much time will pass before designers, engine builders, plastic-makers, accessory plants, glassworks, and the great assembly lines can again bring you a better new car.

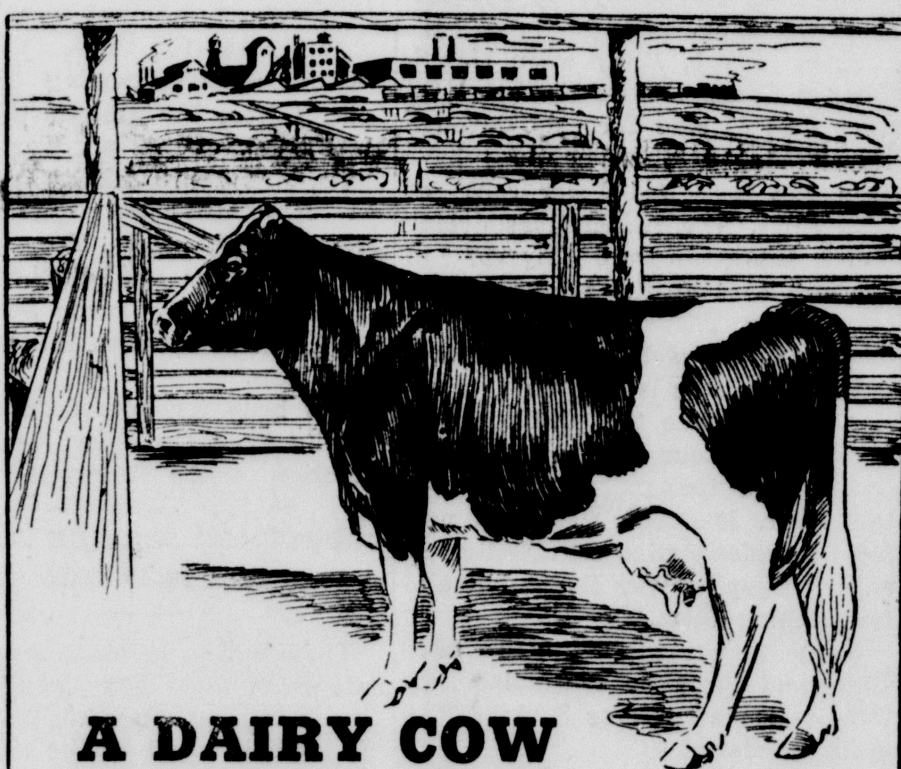

Probably you're pining to win yourself peace by setting out as soon as you can for Grand Canyon, perhaps—or for Bigtown or the Coast—or for the old folks whom you haven't seen since rationing started. The car that will be ready first—50 chances to 1—is your all-essential present car, encouraged to last its limit by Conoco Nth motor oil. . . . oil that OIL-PLATES! . . . oil that's the foe of engine acids!

War didn't first bring these acids. Ordinary engine combustion has always bottled acids inside, as your engine stopped. When stops were brief and your engine heated up fully on long runs, the acids were not so harmful. But now limited speed, comparative coolness and long lay-ups invite acids to bite hard and corrode metals.

Corrosive air and water, you know, are checked by chromium-plating. And corrosive engine acids are checked by OIL-PLATING, closely deposited on inner parts by patented Conoco Nth oil, with its added modern synthetic inducing a sort of "magnetism." This can long maintain OIL-PLATING on surfaces that you want shielded from acids and depreciation. Don't wait. . . . OIL-PLATE! Get Nth oil at Your Mileage Merchant's Conoco station. A DAIRY COW IN A SLAUGHTER PEN WON'T GIVE MILK AGAIN!

Many dairy farmers have been forced to sell part, or all, of their herd. Lack of essential feed . . . chiefly COTTONSEED MEAL . . . has been an important reason for these distress sales.

TO SUPPLY THEIR OWN FEED NEEDS, cotton farmers must plant every acre of cotton the law permits in 1943 . . . grow every possible pound of cotton on this acreage.

Cotton IS a "War Crop" . . . Cotton IS a "Feed Crop" . . . Cotton IS a "Food Crop." You serve your country by growing every pound you can on every acre you can plant.

Miss Juanita Reynolds and Pfc. Elmer Veirgill Married Thursday

Miss Juanita Reynolds, daughter of Mr. and Mrs. B. V. Reynolds, of McCauley and Pfc. Elmer Veirgill, son of Mr. and Mrs. Veirgill of Lubbock, were married Thursday afternoon, May 6, at 1:30 o'clock. The ceremony was read by the Rev. Jones in his home.

Before leaving for a short wedding trip to Lubbock, the couple were guests in the home of the bride's sister, Mrs. Jim Brown in Plasterco.

Pfc. Veirgill is stationed at Camp Berkeley and Mrs. Veirgill will live in Abilene.

Play Presented By Senior Class Friday

Friday evening, May 7, in the High school auditorium, the Senior class presented its annual play, "My Cousin From Texas," directed by Mrs. Heflin Miller.

The play was greatly complimented, and the performances of Phala Davis, Paul Fowler, and Faye Jerene Johnson were especially outstanding.

The money will be used to buy the gift the Senior class will leave the school and to finance the senior trip.

The members of the Senior class wish to express their appreciation to all who helped make this play a success.

The cast included: Phala Davis, Margaret Sellers, Lanelle Andress, Koleta Clements, Ellis Benham, Paul Fowler, Faye Jerene Johnson, L. B. Petty, Frances Ubben and Clarence Lasseter.

Mrs. J. H. Feagan Honored With Dinner

Mother's Day was a joyous occasion for Mrs. J. H. Feagan when her daughter, Mrs. C. S. Funk and Mr. Funk entertained with a dinner in her home near Rotan. The rooms were made attractive with roses and pot plants. The dinner table centerpiece was a bowl of pink Radiance roses.

Children, grandchildren and great-grandchildren enjoying this occasion were Mrs. W. B. Fletcher, Mr. and Mrs. J. L. Feagan, Mrs. A. McWilliams and sons, August and Jimmie of San Angelo, Mrs. Otto Williams of Dalhart, Mr. and Mrs. Elmer Feagan and son Jimmie, Mrs. H. Feagan, Mr. and Mrs. Harry Dillard and daughter Jean, and Mrs. Alford Harden and daughter Judith of Hamlin.

Aid to Enemy

"Any American who willfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' " — Secretary Morgenthau.

"Hey, Mister, You Dropped a Watt!"

REDDY: What on earth are you going to do with all those candles?

MAN: Light my home. I'm cutting down expenses.

REDDY: H-h-u-u-m-mm. Then you need about 500 pounds of candles a month to give you the same kind of good light. D'you know what that'd cost?

MAN: Nope. But I guess it'd save me money.

REDDY: Well, let's do some figuring. That many candles would cost you about \$200—

MAN: Wow! I couldn't afford that. My monthly electric bill is only three dollars or so.

REDDY: Well, that's just about average. But remember that only about 85c of it goes for light. The rest pays for electricity to run your radio and refrigerator—

MAN: Say, that's not so much when you come to think of it.

REDDY: Right! Electricity's cheaper than it's ever been. You're getting about twice as much for your money as just 10 or 15 years ago.

MAN: How can that be? My bill hasn't changed.

REDDY: Maybe not. Think of the bigger and better lamps you're using and the electric appliances you've added. Fifteen years ago, did you have an electric refrigerator?

MAN: No-o-o.

REDDY: Radio? Electric mixer? Air conditioner?

MAN: No. . . . Say, how come I get so much more electricity for about the same money I used to pay?

REDDY: That's easy. Experience. Training. Well-balanced business methods.

MAN: I don't get it.

REDDY: It's like this. The men and women who run the West Texas Utilities know their job. That job is to give you the best possible service at the lowest possible cost. And they're doing it! Today—when most everything else is going up—ELECTRICITY IS STILL CHEAP!

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

The Senior class of McCaulley High celebrated Senior Day last Thursday. The Senior flag was raised at 6 A. M. and at 7 A. M. the class and their sponsor left for Sweetwater to spend the day. It seems as though it were only yesterday that the graduates of this year's class started to school. The parents are proud of them but yet there remains that something deep down in our hearts that makes us wish they were just little tots again. We ran across the following poem that expresses best our sentiments: Only yesterday it seems, I saw her Start to school; how strange it is, But I remember how she looked When she turned to wave goodbye; Even when she hurried around the Corner I was watching still, And something hard was squeezing Out my breath. She was such a precious child. Today I gave her flowers and Stood on tiptoe when I kissed Her cheek, and teasingly roughed Her hair. Once again that something hard was squeezing out my Breath, but this is Graduation, So I smile and wish her best of luck, While in my heart I breathe a prayer For her, who is still my little girl.

—Pearl Carter Phillips

The Seniors of this year are: Alfred Ray Wishert, Ray Akins, Billie Smith, Helen Ferrell, Jack Davis, Clyde Lewis, Ed Lewis, Bennie Ray Jones, Joy Henson, Dillard Teal, Tom B. Jeffrey and Bess Darden.

Congratulations Seniors, and we hope to be your friends always.

Well, we had a big time. Scoutmaster E. C. Waldrop and this scribe made the trip to Big Spring with troop 30 of McCaulley on last Friday and returned Saturday evening. Scouts and Cubs making the trip were: Bud Lee, Russell Kidd, Faris and Billie Akins, James Edward Lawliss, Johnnie Max Jones, Paul and Johnnie Wayne Waldrop, Allen Griffith, Holman Boyd, Buddy Shields, O. C. Prather, Geo. Matt and Jimmie Darden and A. L. Cade. Congratulations to troop 30 for their manly conduct on the trip. There were some one thousand boys and one hundred leaders at the Big Spring Jamboree. A lot of stunts, lots of games and good singing along with plenty of good eats made the trip one that will long be remembered. We came back home satisfied that no better boys can be found anywhere than those of troop 30 of McCaulley.

Visiting in the S. E. Miers home this week are their daughter, Mrs. James B. Wall and daughters of Odessa.

The H. D. Club will meet in the home of Mrs. Frank Jackson on Wednesday, May the 19th and not the 17th as was stated in last week's Herald.

W. C. (Bill) Keane was taken to a Sweetwater hospital last Saturday suffering with a severe kidney trouble and nervous breakdown.

Visiting Mrs. S. E. Miers who is ill on last Sunday were, Mr. and Mrs. Bob Milstead and Mr. and Mrs. L. H. Boyd.

Sgt. Fred Kemp is home on a few days' leave from training base in Louisiana.

Clarence Moss has returned to his home from training base in Mississippi and we are told that Clarence has an honorable discharge from the army.

Sgt. J. B. Jayroe who is stationed in Indiana, writes his mother, Mrs. Vera Jayroe, that he attended the Kentucky Derby. In fact, J. B. sent a picture of the big race and he happens to be in the picture. Nice going J. B. Wish we could have been there too.

Louis Earl Madden has been called to the colors and will leave on the 19th of this month for induction center.

Mr. and Mrs. Johnnie Battle of Tacoma, Washington, are visiting in the home of parents, Mr. and Mrs. C. R. Faulkenberry. Mrs. Battle will be remembered as Ola Fay Faulkenberry who was reared in this community.

The Junior class of the McCaulley High school and their sponsors, Mrs. O. T. Hennington and Mr. Fritz Hill honored the Senior class and their sponsors, Mr. and Mrs. H. P. Powers, with a banquet at Sweetwater at the Bankhead Cafe on April 30th. Picture shows, bowling and other entertainment was enjoyed by the group. A fine spirit shown between the two classes is a good example of sportsmanship, even though each class prefers to keep their own class flag flying.

The Young sisters of Crosbyton were week end visitors in the home of their grandparents, Rev. and Mrs. C. E. Dick. Also visiting the Dicks were their daughter, Mrs. Randal Parker and son of Novice and their son C. E. Jr., of Hardin-Simmons.

Mrs. Vera Jayroe and Grandmother Yarborough spent last week end in the home of Mr. and Mrs. Louis Earl Madden in Hamlin.

Due to the Big Spring trip with the Boy Scouts we were unable to gather much local news this week but will be seeing you next week—same time, same column.

COMMENT No. 1. The battle in Africa is just about to come to an end as far as that campaign is concerned, and no doubt the people of all the Allied nations are looking forward to the day when our armies will invade Europe.

High ranking officials have predicted that the war will not end before 1947. That being the case, we in America had better get set to further tighten our belts and as far as sugar, tires, coffee and the like being rationed, well we may not have seen anything yet. There is one thing certain, the American boys have proved that they have what it takes to whip the axis and those same boys are looking to the home folks to keep them in guns, tanks and planes and the sooner we send the guns, the sooner the boys will be coming home.

COMMENT No. 2. Though one day is set aside each year for Mother's Day, yet every day is Mother's Day to the boys and girls young and old throughout the world. Millions of young Americans in all parts of

the world were no doubt thinking of Mother on last Sunday. We can imagine the boys who were facing the enemy under the most trying circumstances on last Sunday could hardly keep a tear from their eyes as they thought of the little Mother back home who gave them life.

We do not have the words to express our appreciation for the mothers everywhere who have made this country great as it is.

We salute the mothers living and dead who have made America what she is today and our hats off to the mothers of tomorrow who will carry on.

A DARDEN-O-GRAM

Mr. and Mrs. Charlie Bevels of Abilene, Mrs. Roland Chiles of Ponca City, Oklahoma; Mr. and Mrs. Floyd Bevels of Hamlin and Mr. and Mrs. Bill Maberry of McCaulley, spent Sunday with their mother, Mrs. Jim Bevels at Plasterco. Mrs. Bevels also had another nice Mother's Day treat when she received flowers from her son, Robert E. Bevels, who is in the navy, and is in foreign service.

Something to give? That's easy if you pick one of the pretty boxes of stationery at the Herald office. Furnished blank or printed or monogrammed. Not costly either.

Mr. and Mrs. Ernest Keathley of Colorado City, Texas, spent last week as guests of their brother, R. J. Robertson and wife, on their ranch West of Hamlin.

Jackie Gray spent the week end in Abilene visiting with Sgt. and Mrs. H. Hilton.

Mrs. Audrey Hodnett and Mrs. Sam Hodges were in Abilene Wednesday.

Mrs. Rod Brown entertained her Sunday school class with a picnic Friday night. Those present were: Joe Vic White, Doris and Don Gregory, Mrs. Noel Weaver, Guy Lewis and Davy Noel; Joy, B. L. Billie and Mrs. Bill Maynard; Bobby, Martha and Mrs. Rich, and Freida Tollison.

Mr. and Mrs. Guy Wilmon of Odessa visited relatives in Neinda Saturday and Sunday.

F. W. Poe spent the week end in Abilene with Gene Hodnett Boyd.

The Neinda Defense club will meet Friday, May 21 instead of on Thursday, May 20. The Eighth grade graduation exercise will be in Anson Thursday, May 20. Remember the change in the date and come.
